**“Great value & good food shouldn’t cost the Earth...”**

Our suppliers are hand picked to ensure that the food we sell is good for you as well as the world around us.

**T**he exceptional beef used throughout our menu now comes from the multi award winning Neston Park Farm shop.

All the beef we sell has been reared locally; Neston Park’s own herd of “Black & Tans,” and Tom King’s “Aberdeen Angus.” Both herds have been raised organically, using traditional husbandry and are free to graze naturally. They are free from growth hormones and other chemicals to allow natural development, as nature intended. All beef is hung for at least 28 days, ensuring that the meat is as full flavoured and tender as possible, before being butchered and trimmed on site by Neston Park’s own team of master butchers.

**A**t The Bath Sausage Shop in Green Street, all sausages are made with free range meats, using oats instead of rusk or processed bread. They contain less salt & fat. They’re also free from artificial additives, colourants & preservatives and encased in natural skins.

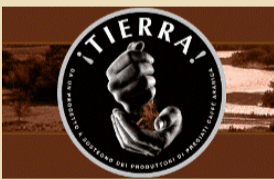

**Wing** OF ST MAWES THE CORNISH FISHMONGER **S**elling ethically sourced fish & seafood is at the core of Rob Wing’s beliefs. For twenty five years he has been committed to ensuring a healthy future for Cornish fish and fishing, buying directly from local inshore fishermen and markets, picking only the best on sale that day. It is skilfully prepared and sold that day, with around 50% of the waste being returned to the fisherman as part of a “free bait” scheme, and the rest is turned into Bio-gas! As a fitting testimony to the quality of the fish they sell they are holders of no less than 5 Great Taste Award, Star ratings.

**T**ristan Hogg & Jon Simon founded Pieminister in 2003, becoming bakers and purveyors of truly outstanding handmade pies.

Crafted using the freshest ingredients they can get their hands on, sourcing locally to ensure that there is as little time as possible between farm and plate. Free range British eggs & chickens that roam freely outside; to British, Farm Assured beef & goat’s cheese from the Lubborn Creamery in Somerset. Bound in tasty short crust pastry, the pies are out of this world & have won more awards than you could throw a perfectly good pie at!

**E**very cup of coffee we serve has been made using 100% Rainforest Alliance Arabica, sourced from remote villages in Honduras, Peru and Columbia. Lavazza believe that good farming practices can: produce top quality beans; better prices for farmers; sustain local communities and help conserve the rainforest, all at the same time. The farmers are provided with guidance on farming, training and capital. They’re taught how to protect the wildlife & habitat, plant trees, combat pests without pesticides, rebuild houses & replace old mills with machines that use less water, compost organic wastes and implement worker health and safety programs. Lots of work for Lavazza - great, “happy” coffee for you!

# Dine & More

The Hare & Hounds

Weights, where given are approximate and uncooked.  
As nuts are sold in the pub, unfortunately we are unable to guarantee that our food is 100% free of trace of nuts or nut oils.  
Have it your way: want to swap, add or leave something out?
